

Spring 2024 CAP Course Offerings

January 10, 2024 (Subject to change – please see <u>UCDAccess</u> for most up-to-date information)

Classes marked with an $\ensuremath{^*}$ are courses that meet with other departments.

Please see **modality definitions key** at the bottom of this document for an explanation of course modalities.

Note: by registering for section 001 of your studio you are giving the Registrar and/or the CAP Course Coordinator permission to move you to your new section based on balloting and sorting results.

Llock	Nbr.	Sec.	Title	Days	Start	End	Instructor	Hrs.	Modality	Notes

Spring 2024 CAP Course Offerings

January 10, 2024 (Subject to change – please see <u>UCDAccess</u> for most up-to-date information)

Classes marked with an $\ensuremath{^*}$ are courses that meet with other departments.

Please see **modality definitions key** at the bottom of this document for an explanation of course modalities.

Note: by registering for section 001 of your studio you are giving the Registrar and/or the CAP Course Coordinator permission to move you to your new section based on balloting and sorting results.

Remote	Course takes place using Zoom in a pre-scheduled, virtual, synchronous learning environment. There is no on-campus component. Students are expected to participate in all scheduled Zoom meeting times per week, unless otherwise instructed by the faculty member.
Online	Course takes place in an asynchronous, flexible-schedule, online setting. There is no on-campus component and no pre-scheduled meeting pattern.
In Person	Course is taught primarily on campus in pre-scheduled meeting patterns, even if there are other online/digital components.
Hybrid	Course is designed with a mixture of pre-scheduled, live meeting patterns on campus and flexible-schedule learning in an online setting. Online setting can be either synchronous or asynchronous and will be indicated on the course schedule.
Remote/Online	Course is designed similarly to the Hybrid modality; however, there is no on campus instruction, and is, instead, a mixed modality of synchronous remote and asynchronous online instruction.
