MLA Grading/Course Policies

- Students must maintain at least a 3.0 University of Colorado cumulative grade point average to remain in good standing. When a graduate student's cumulative GPA falls below a 3.0, the student and the department will be notified, and the student will be placed on academic probation.
- Students are required to receive a grade of Bor better in all required MLA non-studio Core Requirement courses. A student who receives a grade of C, D, or F in a required MLA nonstudio Core course must retake the course.
- 3. Students are required to recieve a grade of C-or higher in all courses taken to fulfil Elective Requirements. Elective courses must be 5000-level graduate courses or above. A student who receives a grade of D or F in an elective course will not receive credit awarded toward the degree for the course.
- 4. A student who receives a C+ in a studio will be allowed to register for the subsequent studio. The student must earn a minimum grade of B in the subsequent studio to avoid having to repeat the studio in which the C+ was earned. A student receiving a grade of B- or lower in the subsequent studio will be required to retake the studio.
- To participate in the Immersive Semester, students must in good academic standing (GPA or a 3.00 or higher) and have a grade of B- or better in the previous two studio courses.

^{**}Students are required to take either LDAR 6740 or LDAR 6745, dependent upon which course is offered in conjunction with LDAR 6706/LDAR 6707 in the semester in which they register in the Immersive curriculum.

Master of Landscape Architecture Degree Sequencing

Students should take an average of 15 credit hours in the fall and spring. Electives may be taken in the summer when offered.
