MLA Grading/Course Policies

1. Students must maintain at least a 3.0 University of Colorado cumulative grade point average to remain in good standing. When a graduate student's cumulative GPA falls below a 3.0, the student and the department will be notified, and the student will be placed on academic probation.
2. Students are required to receive a grade of B- or better in all required MLA non-studio Core Requirement courses. A student who receives a grade of C, D, or F in a required MLA non-studio Core course must retake the course.
3. Students are required to receive a grade of C- or higher in all courses taken to fulfill Elective Requirements. Elective courses must be 5000-level graduate courses or above. A student who receives a grade of D or F in an elective course will not receive credit awarded toward the degree for the course.
4. A student who receives a C+ in a studio will be allowed to register for the subsequent studio. The student must earn a minimum grade of B in the subsequent studio to avoid having to repeat the studio in which the C+ was earned. A student receiving a grade of B- or lower in the subsequent studio will be required to retake the studio.
5. Pass/fail courses grades will not be accepted for credit toward the MLA degree, unless the course is only offered on a pass/fail basis.
6. To participate in the Immersive Semester, students must in good academic standing (GPA or a 3.00 or higher) and have a grade of B- or better in the previous two studio courses.

**Students are permitted to take an LDAR elective course in place of GIS.

***Students are required to take either LDAR 6740 or LDAR 6745, dependent upon which course is offered in conjunction with LDAR 6706/LDAR 6707 in the semester in which they register in the Immersive curriculum.
