

Ken Schroepel: Public Scholarship and Creative Activities

Promoting Infill Development and Multimodal Transportation

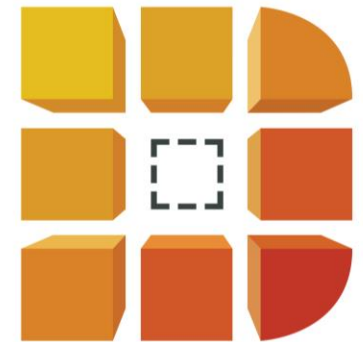

- **DenverInfill.com**: Launched in 2005 and with over 2,400 blog posts published, the DenverInfill Blog educates and advocates for infill development in central Denver to promote quality urbanism and urban design excellence.
- **Better Denver Streets**: Launched in 2020 on Twitter and YouTube, Better Denver Streets educates and advocates for walking, biking, micromobility, and transit solutions to meet Denver's critical transportation needs and to help combat climate change and improve equitable mobility options for all.
